3) Birthday Wish: The wish you made for
on my 21st birthday the words "I'm proud
of who you are and keep making me feel
proud and Happy Birthday warrior" That's
the first time someone said me that they
are proud of me I failed lately but yeh I'll
make you proud again!! ❤

10) Distance: I hate when people come to me and say I saw my girl or my man where I was supposed to see you for a few seconds for which I have to wait for months !!!! 😭

11) Presence: Despite the distance your presence mattered to me cause I have a person who's not gonna judge me even though I get mad sometimes!!! ❤

12) Concern: The way take you care of
me like maybe grooming or appetite
something like that makes me feel warm

13) Smile: Most favorite part of the 21 things seeing you smile like that makes me feel complete!!! 😍

14) Stare: Oh Sorry I lied a bit previously sitting next to you and hearing those loda loda talks is my most favourite part The way you explain things the transparency what else!!! 🤎

15) In my eyes: You have no idea how
you'd look like in my eyes always like a
little kid whose smile makes me feel
what else would I ask for!!! 🧑

16) Transition: From brother sister to
Best friends it happened quietly but was
the most beautiful transition of my life!!!

17) Staying: I always appreciate and wonder despite all these you still chose to keep this friendship alive didn't ghost me or leave me just like that staying still by my side like you used to!!! 

18) Prayer: I pray to Jesus about you daily
I used to ask him "Give her what heart
desires all I need was her to be happy
and live the life her hardwork deserves"

19) Proud: You're someone who I was
always proud of the hardwork the efforts
you put for everything anything it could
be you give your everything for it , even if
you loose like this I'll still be proud of
you!! ❤️❤️❤️

20) Desire: "I always wanna be the one
clapping the loudest when you win."

And on days that feel heavy, I wanna
quietly stand by you." ❤

21) Home: You feel like home for me not now but always you'll be my safest place and my best comfort zone I could ever ask for!!! ❤

22) Finally: I hope this made you smile a little more and will be there as a good birthday wish for longtime

No expectations. No pressure. Just 22 honest thoughts about someone who means something to me. Happy Birthday
